SUMMARY

An energetic and imaginative web developer who is able to work alongside other talented professionals in creating websites to high standards. I believe that web development is more than just writing code, it is to communicate and work well with others in a team, to be curious and open to criticism and different approaches, to solve problems and to never stop learning. I am an ambitious type who wants to get noticed, and has the drive and massive energy needed to really make a difference to a project.
